

## **Moon – shadow work**

Sets you FREE of the Matrix.

Chakra above the Crown, color silver connected to the Akashic Records

**Your Moon sign is the hardest shadow work you'll have to do in this lifetime but also holds the potential for your most powerful psychic gifts.**

- Not everybody will be able to express the full potential of their Moon Sign because you first have to work on yourself and do some shadow work in order to unlock its power
- Many people believe the Moon has been placed on the orbit of Earth artificially – I believe it was made (brought in) in order to make our awakening harder / so we had no choice but to get out of the illusions of the Matrix first before we could access our psychic abilities
- Psychologists work with the Moon sign (whether they know it or not). How you react/respond emotionally.
- Moon = Intuition / Unconscious
- Everybody has psychic abilities but we all have different strengths and unique skills to bring to the collective

## **Aries Moon**

*Shadow work: Developing empathy and compassion / Survival Mode / Conflicts / Trusting others / Abandonment issues*

### **The New World Pioneer**

- Here to start new projects and light up the way for others
- Needs to experience relying on yourself in some aspect of your life / individuation process is important
- Rules the head – intuitive impulses / first instincts are usually right
- Feel physical sensations in your body connected to outside energy
- Here to initiate change

Advice: Take action before talking yourself out of it – be brave!

## **Taurus Moon**

*Shadow Work: Transcending the material world / Valuing non-tangible things / Embracing change / Healing security issues to free yourself from the Matrix*

### **The Earth Pillar**

- Anchors the new light codes in the Earth / Your location is important on the grid
- Manifests thoughts / ideas into tangible form
- Throat chakra – use your words to manifest
- Messages through your 5 senses / Music
- Crystal grids

Advice: See the beauty of emotional or psychic energy rather than having a lot in the bank. Make sure you don't abuse your financial strength/powers by manipulating others.

## **Gemini Moon**

*Shadow work: Focusing your attention / high-level energy / Not staying on the surface (superficial) / Commitment / Getting out of mental loops / Lower brain & Higher brain balance*

### **The Digital Soldier**

- Ruled by Mercury – the Messenger of the Gods / Between 2 worlds / Bridge
- Learn as much as you can on multiple subjects and broadcast your knowledge
- Social Media usage can be a great tool / Digital Soldier / Journalist
- Automatic writing to channel information

- Here to bring multiple perspectives and help people open to more consciousness through information

Advice: Stay aloof on things, but connect with people on a deep level which brings victory for you. Bring your knowledge to the world without being afraid.

## Cancer Moon

*Shadow work: Getting out of scarcity mindset / Emotional security / Emotional walls (protect your emotional inside by not allowing in other people) / Processing emotions / Mood swings / Self-protection / Guilt / Living in the past*

### **The Divine Protector**

- Very psychic (Water sign) / Empath
- Clairsentient / Trust your gut instinct
- Here to provide a safe space for creation
- Protective energy towards others like a parent would provide
- Creator energy

Advice: Spin around your emotions by deciding how you control your emotions so you don't get lost in everybody else's feelings. Decide how much you want your emotions to affect you. Create boundaries so you not always process for others.

## Leo Moon

*Shadow work: Detaching from other people's perspective about you / Sense of belonging / People pleaser / Authenticity / Integrity / Not needing to feel good all the time / Boundaries*

### **The Light Transmitter**

- Sun and Moon together = Creation power
- Transmits the light of the Sun – transforms energy / uplifts energy
- Getting people more in touch with their inner child
- Help people connect more with their heart – important role going into 5D
- Help heal childhood traumas

Advice: Become individual instead of focussing on how others see you. Be ok with yourself. Be more discerning who you are generous for – they must be worthy of it.

## Virgo Moon

*Shadow work: Self-criticism / Perfectionism / Filtering emotions through the brain as opposed to feeling them / Showcasing your talents without being too hard on yourself*

### **The Natural Witch**

- Healing with Earth natural products / herbs / plants / essential oils / gardening / natural remedies / naturopathy / crystals
- The Alchemist – transmuting and healing energy with your touch
- Also a bridge (Mercury) – Automatic writing / Channeling
- Analyzing what no longer works / what is not optimal and perfecting things so that we live in a better world

Advice: Learn to love yourself and see your value. Don't get stuck in details and overthinking and criticize. You are good enough. You are a psychological healer. Learn a healing modality and be brave and bring it into your own healing modality. You become the teacher. Don't hang on to your teacher forever.

- Natural channelers / Bridge between spiritual and physical world
- Lie detector (once you work through your own shadow not to project your own)
- Strong Occult power / Power of Kundalini / Sacred Sexuality
- Tarot / Astrology / Divination / Mediumship

Advice: Step out of being fearful of being abused, get out there, trust the world. Does the work on yourself, learn from it and help others with your gifts.

## Sagittarius Moon

*Shadow work: Judgment towards others / other belief systems / Keeping an open mind / Righteousness / Rectlessness / Fleeing issues and emotions*

### **The Spiritual Guide**

- Astral projection / Astral travel / Time travel / Dimensional travel
- Spiritually advanced / Will master a few subjects and then be ready to teach
- Transform the energy in a room / Very optimistic and expansive energy
- Here to remind people of the big picture of things – The Soul's perspective
- Spreading higher knowledge / spiritual knowledge

Advice: Tone down your traveling. Be more diplomatic so people will listen in stead of hitting them with your opinion while still chok your audience with your truth as its your gift.

## Capricorn Moon

*Shadow work: Neglecting your personal life / Workaholic / Obsessive-compulsive behaviors / Too opportunistic / Getting out of the material illusion / Understandig the Matrix patterns*
