

## Your greatest fear

Your Ascendant/Rising sign shows your greatest fear/challenge, which lays the bottom line for all other fears in this life. Knowing this fundamental fear is the first step to overcoming it. Delve into thinking about, seeing, feeling and recognizing this bottom line in all the situations in which you were afraid. Be aware that many times you defend yourself, project, go crazy, isolate yourself, get sick, etc., which also indicates fear. Once you have freed yourself from the fear shown below, you will overcome all other aspects of fear with greater ease.

The Ascendant is determined by what time you are born - so this is important to have correctly.

Your fundamental fears with the Ascendant/Rising sign in:
